"I have had the pleasure of working with the Dynamic Solutions team on multiple occasions. Their combined years of experience and expertise in the Manufactured Housing space make them an invaluable asset to any team. Working with them over the course of several years to help us with various parts of our business has been very educational. I would recommend them to anyone looking to learn more or improve their MH business."

Property management services
EXCLUSIVELY for Resident Owned
Communities

An approved vendor for ROC USA

At **Dynamic MH Solutions**, we know home ownership can be stressful even before the unique complications of managing a resident owned community. With over 60 years of combined experience in managing manufactured housing communities, we believe in the resident owned model and helping homeowners manage their community.

"Dynamic MH Solutions are real industry experts who helped streamline our sales and operations with great results. Highly recommended!"

- Jack Goldwell

"Great business and extremely easy to work with. Very knowledgeable in their field and always on top of things. Looking forward to working more with them in the future."

- Austin Gough

Vendor Management

From plumbing to home repair to road-work and more, **Dynamic MH Solutions** can find you the right professionals for the job at an affordable price so that you can focus on what's important.

Standards and Practices Communication

Our agents are ready to talk to you about the best way to coordinate residents around common goals like home presentability and trash pickup. We can follow up with members of the community to remind them that keeping our neighborhood beautiful benefits us all.

Community Beautification

Whether it's landscaping, gardening or public artwork, our team has the experience and taste to ensure your residents feel like their neighborhood reflects their community and values.

Prompt Financial Reporting

Our on-site managers can handle rent and fee collection, utilities invoicing, and full monthly reports in close collaboration with your board treasurer.

"Justine was great to work with and really helped us to set an awesome foundation for our HubSpot instance within the MH industry. She has a deep background in MH and that background helped us to be smart and strategic about how we approached our CRM, Sales, & Marketing tools and resources. We really enjoyed working with her and she was super responsive when we needed her help. Would definitely recommend her to anyone utilizing HubSpot for their CRM, especially if you are in the MH industry."

- Darrin Caldwell
